

ergoForce  
series

 ergoCentric

The unique design of the ergoForce backrest accommodates the uniform requirements of professionals that wear a work belt. The design allows the user to wear their belt when seated while providing them the freedom of movement required for multiple tasks.

Ideal for law enforcement, the ergoForce is available in Dedicated Task, Multi Tilt, Synchro Glide and Plus Size models.

- Five inches of infinite back height adjustment provides the widest range of adjustability
- A band of ergoCentric+Guard applied to the seat and back offers exceptional puncture and abrasion resistance against wearing caused by work belts
- Swing away arm option provides full forearm support and can be easily dropped down and out of the way when required
- The unique air lumbar system allows the amount of lumbar support to be adjusted laterally
- Patented adjustable headrest provides superior head and/or neck support without the need for knobs or levers
- Six seat sizes available

## specifications

### Backrest

- 5" Patented Back Height Adjustment System
- Eight Ply Hardwood Plywood with lumbar curve built into the hardwood, not just in the foam
- Fully Upholstered Dual Curve Backrest (15.5"w x 19"h) (19"w x 26"h)
- Puncture and abrasion resistant ergoCentric+Guard on lower portion of backrest (5" high from bottom of backrest)

### Seat

- Dual curve design is built into the hardwood to support the function of the molded dual density polyurethane foam over the long term
- Eight Ply Hardwood Seat Structure
- Seat Pan (20"w x 19"d)
- Puncture and abrasion resistant ergoCentric+Guard on lower portion of backrest (5" deep from back of seat)

### Control
